

## We're Committed...

- ...to providing our customers with **excellent customer service**
- ...to earning our customers' **respect and loyalty**
- ...to focusing on **prompt service, competitive pricing, and a quality product**
- ...to specializing in programs that fit your propane needs

## We're Dependable...

...with over **3 million gallons of propane storage**, Sharp is ready when you need us most. Plus, a significant portion of our large propane supply is from Marcellus Shale, located in PA. We are a large company in the Mid-Atlantic region but have the personal touch of a small company – we are local and ready to take care of all your propane needs.

## We're Convenient...

...with **9 locations in the mid-atlantic region**, we are local and available when you need us.

# Let Sharp Energy's ProCAP Price Protection Plan Guide You Through Winter's Storms...

## ProCAP at a Glance:

- **Capped Fuel Price**  
Your per-gallon price will never rise above the cap price, even when cold weather affects market prices.
- **Lower Fuel Costs**  
Notice a difference in your winter bills.
- **Budget Plan**  
Spread your winter fuel bills out in equal payments throughout the entire year.

### Choose ProCAP for **SAVINGS**

As Delmarva's leading supplier of propane, we believe we are the only company in the area with the resources to offer true price protection. You won't find a better program anywhere else on the Peninsula! When you sign up for Sharp Energy's ProCAP, your per-gallon price will never rise above the cap price, even when cold weather or other factors drive market prices up. Plus, if market prices drop below the cap price, you pay the lower price - we guarantee it! The ProCAP Price Protection begins September 1st and runs through April 30th. An annual enrollment fee ensures that you will pay the lowest price.

### Choose ProCAP for **SECURITY**

Our three million gallons of local propane storage ensures we'll always have a sure supply of fuel to keep your tank full. To provide you with ProCAP protection, we also make purchase commitments for fuel from our suppliers so we can lock in a price. All of this gives you the security you deserve as our customer.

### Choose ProCAP for **CONVENIENCE**

Our FREE automatic delivery program, included with the ProCAP plan, ensures regular deliveries without having to worry. We use our computer system to monitor your fuel use, your tank and the weather so we know when you need a fill. With ProCAP, you don't have to keep checking your gauge or call in your order. We do it all for you.

*High winter heating bills can pound your household budget like a furious nor'easter. While we can't control the weather, we can help you control the price you pay for your fuel. The ProCAP Price Protection Plan puts you in control.*
